HODGSON MILL®

Since 1882, Hodgson Mill has provided wholesome products that are delicious and nutritious. The original mill stands today as a testament to ingenuity, hard work and perseverance. Those traditional values still drive us today, in a state of the art facility where we provide quality and service unparalleled.

Hodgson Mill Potato Starch, not to be confused with potato flour, is the flavorless starch removed from potatoes.

Suggested Uses:

Use Hodgson Mill Potato Starch to thicken soups, stews, and gravies for final products with a silky smooth texture.

Potato starch can be substituted in equal amounts for corn starch with excellent results, especially in recipes that will be frozen. Potato starch thickens at a lower temperature than some other starches, so it works best when a last minute thickener is needed right before serving.

Include Hodgson Mill Potato Starch in your favorite gluten free bread, muffin, or cake recipe for a light and fluffy product with a tender crumb. Hodgson Mill Potato Starch works well at retaining moisture, which means your baked products will remain moist and fresh longer.

Hodgson Mill Potato Starch works well to create airy and tender gluten free baked goods in combination with other gluten free flours and starches.
